Susy Woods, Public Policy and Education Liaison Illinois Assistive Technology Program

Susy has been involved in disability advocacy for 36 years, and currently serves on the Illinois State Advisory Council, the Public Policy committee on the ARC of Illinois Board, Impact CIL, the Statewide Illinois Transition Conference, NAMI SW, Illinois Imagines, Employment First, Springfield Disability Commission, and Springfield Parents of Students with Disabilities.

Susy has worked in Early Intervention and as the Director of Disability Services at the University of Illinois Springfield. She has a master's degree in Women's Issues and Public Policy, and her research focused on Sexual Abuse against Women with Disabilities and Public Policy. Her doctorate is in Educational Leadership, with a concentration on the ways female students with developmental disabilities are educated. Susy has a son with a developmental disability, and a granddaughter and foster son with psychological disabilities.
